

Cummins Ettes Power Cummins marine emergency generating sets are driven by Cummins engines series of 4B, 6B, 6C, 6L, N855, K19, K38. Cummins marine generator sets are hot cakes in market and used in more than 150 countries all over the world. Cummins marine engines have features of compact structure, full power ranging, low fuel consumptions, low noise, reliable performance and long life span. All engines are covered by Cummins global united warranty and after sale service. And the available marine classification certificates are CCS and BV.

CUMMINS MARINE EMERGENCY GENERATORS (30kW-500kW @50Hz, 1500RPM)

Model	Output Power	Engine Model		Alternator	No. of Cylinders & Type	Bore x Stroke (mm)	DSPL. (L)	Overall dimension (L*W*H) (mm)	Weight (kg)
	kW/kVa	Cummins	Engine Prime Power (kW)	Marathon Siemens or Equal					
ECM-38E	30/38	4BTA3.9-GM47	47	MP Series	4.in Line	102/120	3.9	1750x750x1280	950
ECM-50E	40/50	4BTA3.9-GM47	47	MP Series	4.in Line	102/120	3.9	1810x750x1280	1000
ECM-63E	50/63	6BT5.9-GM83	83	MP Series	6.in Line	102/120	5.9	2090x850x1280	1100
ECM-80E	64/80	6BT5.9-GM83	83	MP Series	6.in Line	102/120	5.9	2110x850x1280	1370
ECM-94E	75/94	6BTAA5.9-GM115	115	MP Series	6.in Line	102/120	5.9	2180x850x1280	1450
ECM-113E	90/113	6BTAA5.9-GM115	115	MP Series	6.in Line	102/120	5.9	2200x850x1300	1500
ECM-125E	100/125	6BTAA5.9-GM115	115	MP Series	6.in Line	102/120	5.9	2200x850x1300	1550

Remarks:

- Above gensets is based on standard ratings of 50Hz, AC415V, 3 Phases & 3 Wires, other voltages is available.
- Above gensets are with CCS Certificate as standard, BV is optional.
- The data herein can vary depending on individual production requirements or due to improved technology.

CUMMINS MARINE EMERGENCY GENERATORS (40kW-250kW @60Hz, 1800RPM)
